Statement of Claims - Continued -

Mr Lambert has seen both Nurse Practitioners, Nurses Ms Rich RN, RN, Ms Mosley and Dr Dean and has found out his condition is in extreme levels that require Chemo-Therapy and pain medications that cannot and will not be given here at Corecivic. He's also seen DR ELANIA ODELL M.D.

Mr Lambert has requested numerous times to be moved to Special Needs to be able to get the care he needs to save his life. His health gets worse every day, the medical staff, doctors, nurses and nurse practitioners denied Mr Lambert his life saving medical care, medication and procedures he needs to continue to live. Mr Lambert was not sentenced to Life in Prison and should not be forced to die at the hands of inept doctors and a broken system. He is treated as a bother and nuisance rather than a human being. He as well as everyone deserve to get the proper medical care rather he is insured or not. He has now stage 3-4 liver cancer.

Relief: State what you want the Courts to do for you.:

Mr. Lambert would ask this Honorable Court, Honorable Judge and Honorable Jury to place him at Deberry Special Needs Facility to be housed where he can get the proper care, medications and procedures needed to save his life, he is entitled to chemo-therapy and proper pain medications. Mr Lambert would show under the case of Scott MacArthur v. Derrick Schofield, TN Dept of Corrections in 2014 in front of Honorable chief Judge William Haynes JR. he ruled that the Commissioner does oversee all daily operations of the TDOC and that includes the medical departments of state and private prisons.

Judge William Haynes Jr. also gave authority to Judges to place prisoners in need of medical care to a prison where a inmate would receive it. Mr Lambert is asking for the amount of \$ 900,000.00 Nine hundred thousand dollars, he is asking for the Defendants to pay Attorney fees, Court Cost, Postage and any other cost filing fees claim OK by this court. He is asking to be placed at Deberry Special Needs in Nashville, TN until the remainder of his sentence is complete and his medical care is taken care of.
